

Countryside

Yes

Lost in the English countryside
Father was made to sacrifice
Goodness was left to reason why
On election day he said goodbye

In the sky the leaders take control
Even the rule of conscience ends
It's too late we're changing nature's course
Rest assured this house will not be gained

On election day
On election day

Lost in the English countryside
Goodness was left to reason why
On election day he had to leave

In the sky the leaders take control
Even the rule of conscience ends
It's too late we're changing nature's course
Rest assured this house will not be gained

On election day he had to leave
Goodbye
