

## Starship Trooper

Yes

Sister bluebird flying high above  
Shine your wings forward to the sun  
Hide the myst'ries of life on your way  
Though you've seen them, please don't say a word  
What you don't know, I have never heard

Starship trooper, go sailing on by  
Catch my soul, catch the very light  
Hide the moment from my eager eye  
Though you've seen them, please don't tell a soul  
What you can't see, can't be very whole

Speak to me of summer  
Long winters longer than time can remember  
The setting up of other roads  
To travel on in old accustomed ways  
I still remember the talks by the water  
The proud sons and daughter  
That knew the knowledge of the land  
Spoke to me in sweet accustomed ways

Mother life, hold firmly on to me  
Catch my knowledge higher than the day  
Lose as much as only you can show  
Though you've seen me, please don't say a word  
What I don't know, I have never shared

Loneliness is a power that we possess to give or take away forever  
All I know can be shown by your acceptance of the facts there shown before you  
Take what I say in a different way and it's easy to say that this is all confusion  
As I see a new day in me, I can also show it you and you may follow

Speak to me of summer  
Long winters longer than time can remember  
The setting up of other roads  
To travel on in old accustomed ways  
I still remember the talks by the water  
The proud sons and daughter  
That knew the knowledge of the land  
Spoke to me in sweet accustomed ways
