

# The Remembering (High the Memory)

Yes

The Remembering. All our thoughts, impressions, knowledge, fears, have been developing for millions of years. What we can relate to is our own past, our own life, our own history. Here, it is especially Rick's keyboards which bring alive the ebb and flow and depth of our mind's eye; the topographic ocean. Hopefully we should appreciate that given points in time are not so significant as the nature of what is impressed on the mind, and how it is retained and used.

As the silence of seasons on we relive abridge sails afloat  
As to call light the soul shall sing of the velvet sailors course on  
Of the velvet sailors course on  
Shine or moons send me memories trail over days of forgotten tales  
Course the compass to offer into a time that we've all seen on  
Into a time that we've all seen on

High the memory carry on  
While the moments start to linger  
Sail away among your dreams  
The strength regains us in between our time  
The strength regains us in between our time  
As we shall speak to differ also the ends meet the river's son  
So the ends meet the river's son

Ours the story shall we carry on  
And search the forest of the sun  
We dream as we dream! Dream as one  
And I do think very well  
That the son might take you silently  
They move fast  
They tell me  
There's someone rainbow  
Alternate tune

In the days of summers so long  
We danced as evenings sang their song  
We wander out the days so long  
And I do feel very well  
That the evenings take you  
Silently. They move round  
Sunlight, seeing ground  
Whispers of clay  
Alternate ways

Softer messages bringing light to a truth long forgotten on  
As we shall speak to differ also the ends meet the river's son  
So the ends meet the river's son

I reach over and the fruit of life stand still  
Stand awhile we search our past we start anew  
The music sings of love you knew We walk around the story  
Out in the city running free  
Sands of companions sides that be  
The strength of the meeting lies with you  
Wait all the more regard your past  
School gates remind us of our class  
Chase all confusion away with us

Stand on hills of long forgotten yesterdays  
Pass amongst your memories told returning ways  
As certain as we walk today  
We walk around the story  
Out in the city running free  
Days pass as seconds turn they key  
The strength of the moment lies with you

Don the cap and close your eyes imagine all the glorious challenge  
Iron metal cast to others  
Distant drums

Force the bit between the mouth of freedom didn't we learn to fly  
Remember to sail the skies  
Distant suns  
Will we reach  
Winds allow  
Other skylines  
Other skylines to hold you

Relayer  
All the dying cried before you  
Relayer  
We've rejoiced in all their meaning  
Relayer  
We advance we retrace our stories

Like a dreamer all our lives are only lost begotten changes  
We relive in seagull's pages  
Outwards ways.

Things are all in colours and the size of others shall send you  
forward  
Arrange to sail you toward  
A peace of mind  
Will we reach  
Winds allow  
Other skylines  
Other skylines to hold you

Relayer  
All the passion spent on one cross  
Relayer  
Sail the futile wars they suffer  
Relayer  
We advance we retrace our story, fail safe now

Stand on hills of long forgotten yesterdays  
Pass amongst your memories told returning ways  
As certain as we walk today  
Press over moments leaving you  
Out in the city running free  
Days pass as seconds turn the key  
The strength of the moment lies with you  
Out tender outward lights of you  
Shine over mountains make the view  
The strength of you seeing lies with you

Ours entrance we surely carry on  
And change the passing of the sun  
We don't even need to try we are one

And I do think very well  
As the truth unflods you  
Silently  
They move time  
Rainbows  
Sunlight  
Alternate tune  
Alternate tune

Rainbows  
Soft light  
Alternate view  
Sunlight  
Tell me  
Someone  
Alternate view  
Alternate view, surely, surely
