

# Merry Go Round

Yeti

I will tell Mike Rivers  
Out into the sun  
That I'm not going home  
I've been away too long  
I find sometimes  
The road just blows my mind  
It's up to you, child, you

On a middle of a merry-go-round  
See the world spinning 'round  
But you're not on board  
The merry-go-round

Me I'm just a stranger  
Don't even know my name  
Here to see mad man  
In a shining cage  
I find sometimes  
The road just blows my mind  
It's up to you, child, you

In a middle of a merry go round  
See the world spinning 'round  
But you're not on board  
The merry-go-round

Lift me up don't let me down  
See the circus leaving town  
But you're not on board  
The merry-go-round

I ride the merry-go-round  
And it takes me so high, yeah yeah

I ride the merry-go-round  
Don't you spin too fast and come crashing down

Lift me up don't let me down  
See the world spinning 'round  
But you're not on board  
The merry-go-round

I ride the merry-go-round  
And it takes me so high, yeah yeah

I ride the merry-go-round  
Don't you spin too fast and come crashing down

I know some of you won't understand  
What you're holding in your hand  
It's a loving (...)  
A loving (...)
