

## Blue Butterfly

yeule

I can hear  
All the voices in my ear  
I can see  
All the shadows following me

Linger, and fall  
Linger, and fall

I can hear  
All the voices in my ear  
I can see  
All the shadows following me  
Linger, and fall  
I can hear  
All the voices in my ear  
Linger, and fall  
I can see  
All the shadows following me
