

Ooh, ooh
Ooh, ooh

You like rotting in your bed
When was the last time you were fed?
Enough love, enough love, but instead
You pretend like you are dead
Miserably count how many
Shadows you see right above me
Violently biting off the flesh
Of your own, of your own body
Cry like a baby
Screaming and shaky
These rotten daisies
Look just like
Just, just like you

Sweetness, gentle
Kinder, mental
Black hole, black sky
Angel cries, and cries, and cries
Flowers around
Your body, found
Sick mind, sick heart
Loveless, apart (Just like you)

Sweetness, gentle
Kinder, mental (Just like you)
Black hole, black sky
Angel cries, and cries, and cries

Sweetness, gentle
Kinder, mental
Black hole, black sky
Sweetness, gentle
Kinder, mental
Black hole, black sky

Angel cries, and cries, and cries
Angel cries, and cries, and cries
Hmm
Oh
Sweetness, gentle
Kinder, mental
Black hole, black sky
Angel cries, and cries, and-

Sweetness, gentle
Kinder, mental
Black hole, black sky
Oh-oh, oh-oh, oh
Yeah, that was good
