Ripped my painting off the frame
Threw it in the poison rain
I screamed and screamed and screamed your name
All my paint was washed away
I chased the sun, I chased the flames
Through the fire, through the vein
Cut a line, have a cry
Unstable butterfly

Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu

Overdosed from the pain
Woke up in a bed, restrained
I screamed and screamed and screamed your name
(Lost in my own mental game)
Another day, another dose
Medicinal genius
Cut a line, have a cry
Unstable butterfly

I'll leave a trace before you
Forget my face
I'll run this race
And sing a song for you
And it goes like

Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu

I can disappear whenever I want
But I can't make you love me when I want
I love everything that you say and do
But I know I can't have you
I can't say a word to fix all of your fears
But I can be the one who takes your tears
I'll put it in a jar and drink it, too
But I know I can't have you

I'll leave a trace before you

Forget my face
I'll run this race
And sing a song for you
And it goes like
I'll leave a trace before you
Forget my face
I'll run this race
And sing a song for you
And it goes like

Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
Dudu-dudu-dudu-dudu
