

Acid tripping, silver spinning, scrape inside my head  
She's living, breathing unreal being who lives inside my head  
All this time, always I find she's rotting, crystal, diamond, shining  
Flying, finding, all your crying, trauma, shaking, shining, darling

She'll go insane with all the fame  
She looks at me with eyes so full of pain  
I drove her to the edge  
And watched the sky turn grey  
And when she cries  
It rains and rains and rains

Acid tripping, silver spinning, scrape inside my head  
She's living, breathing unreal being who lives inside my head  
All this time, always I find she's rotting, crystal, diamond, shining  
Flying, finding, all your crying, trauma, shaking, shining, darling

And she echo, oh-oh-oh-oh  
Ah-oh-oh-oh-oh  
Inside my head, ah-ha-ha  
Oh-oh-oh-oh  
Oh, she echoes in my-

Aching, she makes me so mental  
Her brutal, cruel, dark ritual  
Mythical disturbing magic  
Loner-lover, ends so tragic

All this time, always I find she's rotting, crystal, diamond, shining  
(Cruel cut of meat you eat out of me)  
Flying, finding, all your crying, trauma, shaking, shining, darling  
(Scarlet marble floor, fall down below me)

Miserable in her rubble  
Broken marble, castle crumble  
Diamond tiara crushed in two  
My heaven crashes down for you

And she echo, oh-oh-oh-oh  
Echo, oh-oh-oh-oh  
Oh, she echoes in my  
And she echo, oh-oh-oh-oh  
Oh-oh-oh-oh, oh-oh-oh  
Inside my head, ah-ha-haa  
Oh, she echoes in my

Cruel cut of meat you eat out of me  
(All this time, always I find she's rotting, crystal, diamond, shining)  
Scarlet marble floor, fall down below me  
(Flying, finding, all your crying, trauma, shaking, shining, darling)  
Cruel cut of meat you eat out of me  
Scarlet marble floor, fall down below me
