

# Heal

yeule

Falling, falling to the ground  
Falling into sound  
Always numb  
Always in another world I found

Do you see what I see?  
Or am I incomplete?  
Falling stars  
Healing all the scars inside your heart

Heal it all  
Heal it all  
Heal it all  
Heal it all  
Heal it all  
Heal it all  
Heal it all  
Heal it all

Falling, falling to the ground  
Falling into sound  
Always numb  
Always in another world I found

Do you see what I see?  
Or are we incomplete?  
Falling stars  
Healing all the scars inside your heart
