

# Perfect Blue

yeule

I'm sorry I don't feel good  
I'm sorry I'm not so keen on food  
But don't tell me about my fate  
Don't tell me about my weight

Perfect blue, blue for you  
I'll drink the poison, honey-boo  
Perfect blue, blue like you  
A broken toy who plays with you

Troubled boy, troubled toy  
Sleeping longer than love destroyed  
The time you left me all alone  
My bones that cut me to the bone  
Didn't fit the shapes you cut  
Made me want to stab my gut  
A broken link, a 404  
Wish you could see inside my core

I got a new card  
I'm in my blue car  
Running fast, wanna cocaine  
I'm in love with my cocaine  
I got a new card  
I'm in my blue car  
Running fast, wanna cocaine  
I'm in love with my cocaine

Perfect blue, blue for you  
I'll drink the poison, honey-boo  
Perfect blue, blue like you  
A broken toy who plays with you  
Perfect blue, blue for you  
I'll drink the poison, honey-boo  
Perfect blue, blue like you  
A broken toy who plays with you
