

# Tequila Coma

yeule

Data destruction  
Dynamite that breaks me in two  
Offline, I count them  
All of the names that I choose

And you, oh, you  
Undo  
All of my love

And you, oh, you  
Undo  
All of my love

She's dark and divine  
Sacrificial lamb of mine  
In pixels, she burns me  
Burns into my memory

Tequila coma  
Naked on the marble floor  
And all my lovers  
Crucified on all fours

She's dark and divine  
Sacrificial lamb of mine  
In pixels, she burns me  
Burns into my memory  
Burns into my memory
