

We Are Making Out

yeule

We are making out on the underground
We are making out on the DLR
We are making out on the overground
Before I know, I'm home with you

We are making out in Dalston
We are making out on the Bakerloo Line
We are making out on the Northern Line
Before I know-know-know-kn-kn, I'm home with you

We are making out, out, out, out, out, out
We are making out, out, out, out, out
We are making out, out, out, out, out
Before I know (Before I know)
I'm home (Home)
With you

We are making out on-on-online
We are making out in real (Real) life
We are making out on the inside
Before I know-know-know-kn-kn, I'm home with you

We are making out with a nosebleed
We are making out, because you drew
A picture of my heart on a guitar
Accidentally said, "I (I)
Love you (Love you)"

We are making out, out, out, out, out, out
We are making out, out, out, out, out, out
We are making out, out, out, out, out, out
Out, out, out, out, out

Making out
We are making out-out, out
We are make-making out-out, out, out
Making out
We are making out-out, out
We are make-making out-out, out
We are making out, out, out, out, out
We are making out, out, out, out, out, out
We are making out, out, out, out, out, out
We are making out, out
We are making out

I love you
