

Pretty boy, psycho, sicko boy, psycho
(Pretty boy, psycho, sicko boy, psycho)
Let me guess, let me know, borderline? Overdose?
(Let me guess, let me know, borderline? Overdose?)
Vivi on my chain, diamond teeth, diamond pain
(Vivi on my chain, diamond teeth, diamond pain)
Blood running through my veins, alchemy, arcane
(Blood running through my veins, alchemy, arcane)

Feel too much, medicate, overwhelmed, isolate
Passed out, on a date, smoke a cigarette and

Soft scars on my skin, silicone, porcelain
I'm not one of them, love you till the end
Give me one more dose, turn me into a rose
Water me till I wither, 404 error
God created man, motherboard, wires and
Blood, bones, flesh, breathing, suicide engineering
Soft scars on my skin, silicone, porcelain
I'm not one of them, love you till the end
