YFN Lucci

Yea, look  
Ay, they said Lu don't come 'round no more, he changed  
Don't bring them boys around them niggas dangerous  
He probably somewhere kickin doors if he ain't slingin  
Yea, I'm just trying to feed my little babies, look  
I jumped in that water, ain't like nobody was like they gon' save me  
I come from the gutter give a fuck bout y'all, hate me  
And my lil brother we got more guns than the Navy  
And we just tryna feed our lil babies

I said I come from the heart of the streets, yea  
I hate to say it but it took my heart from me  
Anti-social, I don't vibe the funny way  
I put my trust right in my 'K  
I was calm as death and just I found another way  
I ran my bands up I can swear I seen em change em  
Bitch I was locked up in the cell  
Y'all ain't send no love yall left me hangin  
I don't tell my niggers to be stay safe  
Y'all stay dangerous  
Crackers try to question me  
Talk to my lawyer  
I don't speak your language  
Remember when they didn't want to give me shit  
Now they paying for my appearance  
I was shooting for the stars  
And my hope save to the ceiling  
So many bodies in the game look like they duplicate  
That lil boy died behind those words  
Better watch what you say  
I called the blitz I want the deal on the Ándale!  
They tried to assassinate my character no matter what I say  
To the world I'm a bad man  
I'm sorry I don't know how to make friends  
The only regret I might forget  
I'm still addicted to the trends
