We located and got a bigger palace on the water
Pull up to the club I toss valet a couple hunnits
Women in abundance I got to fuck em' by appointments
Pray that bundle come from Haiti, Ima give you what you wanted
I fucked her in the park, now we fuckin on the jet
You fuckin' with my squad, Ima put that shit the best
Studied all these niggas cause this life is just a test
I need my hunnit million you can't tell me nothing less
They gave my nigga tee and lawyer say he did this best
These streets ain't where you wanna be and Rozay told you dat
The only natural talent niggas had was being violent
If a nigga take my life I pray he see me smiling
