Look, all this fame got me going through it  
Ever since I felt pain, I've been numb to it  
I been hearing what you saying, but I know you won't do it  
Everybody saying they praying, but is it all good?  
Look, I got this monkey on my back, and I'm sick and tired of h  
earing the words "I gotcha"  
If I ever said them word you know I, whooo  
The hardest thing bout going away, is being without you
