

# Traumatized

YFN Lucci

So much shit got me traumatized  
I think I'm traumatized  
See all this pain in a nigga eyes  
You better not look in a nigga eyes  
Thinkin' bout a homicide  
Thinkin' bout a homicide  
I'm not with' the questions don't ask me why  
I'm not with' the questions don't ask me why  
I swear I tried to told em' but they didn't wanna listen  
What the truth is, I'm the truth that's the difference  
Where the roof is, damn the roof done went missin'  
FN end on a nigga extended  
Shit got me traumatized  
I think I'm traumatized  
I think I'm traumatized

When I say I love my bitch, I love bitch  
When I say look what I did  
You motherfuckas better look what I did  
When I say the phantom came with so many curtains  
Closed the curtains make it look like I hid  
Drop the top, pop the lid  
I been the boy since a motherfuckin' kid  
On top like the box on kid  
If you still hatin' need to stop yo shit  
See I ain't gotta lie about shit  
Still runnin' with' the same niggas that I came with'  
Prolly with' a bitch speaking different language  
Never had shit so I gotta have it  
I was in the booth like I was in a gym everyday  
Workin' out tryna get fit  
See they say practice makes perfect  
See I'm always workin' nigga which one you workin'  
Gotta couple goons and they always lurkin'  
Drop a bag on ya head, yea nigga birkin (wait)  
Now ya lil' mans out of service  
I'm on now I got my own service  
My bro prolly out somewhere servin'  
If it ain't about money we ain't worried

So much shit got me traumatized  
I think I'm traumatized  
See all this pain in a nigga eyes  
You better not look in a nigga eyes  
Thinkin' bout a homicide  
Thinkin' bout a homicide

Stupid bitch always trippin'

On some vacation shit  
I tried to tell her but she didn't wanna listen  
Sometimes I hate the bitch  
And these niggas kill me act like I ain't do it first  
Niggas still sleepin' wake em' up like an alert (wait)  
Bomb bigger than a universe  
And I ain't drop shit but the top on the vert  
People gon hate, gon let em' hate  
Big face rollie lotta big faces  
Big Glock 40 on a nigga waist  
I promise with' the lead you can get erased  
I promise when I led ima win the race  
Since the begining been a winner  
I'm tryna fuck the game up fo' forever  
This is not the end lil' nigga  
Might move Frita out to Berlin  
This a R8 that I'm in  
They told me be patient you'll win  
I got em' waitin' again  
I put my hoes in red bottoms  
I pulled yo hoe and my hoe right beside her  
I am the one the like that no one behind em'  
You looking for greatness you found em'

So much shit got me traumatized  
I think I'm traumatized  
See all this pain in a nigga eyes  
You better not look in a nigga eyes  
Thinkin' bout a homicide
