She like tell me when to go  
Tell me when to go  
Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go, go  
She like tell me when to go  
Tell me when to go  
Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go

Your body is bangin', you look better naked  
That pussy smell like water, you don't spray it with fragrance  
Cornrows with the bamboos, that be my favorite  
Bad bitch on the dick, I gotta tell her to behave it  
So I'm bringin' out the bottle sparkles all in her faces  
Wait you ain't got no business bein' nobody waitress  
Made you quit your job, like I had to upgrade it  
Too much potential and it's in you, so I had to save it  
Yeah, that's just the type nigga you fuckin' with  
Before I buy Birkins, present a business plan to make you rich  
Have these hoes lookin' up to you, because you slayin' shit  
Payin' for shit you ain't waitin' on me to take no trip  
Set you up private so if I ever dip  
You don't need a nigga for shit  
Like I said, that's just the type nigga you fuckin' with  
Real nigga, she don't mind suckin' dick

She like tell me when to go  
Tell me when to go  
Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go, go  
She like tell me when to go  
Tell me when to go  
Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go, go

You see the wrist and 'Rari and you know  
Don't need no rich nigga, got it on my own  
You talkin' money, that ain't no discussion  
All these niggas ain't really 'bout nothin'  
I need love, yeah, I need somethin' more  
Can't fuck with no captain save a hoe  
Show me off when we out in public  
And in the bed show me how you thuggin' (Show me)  
Tell me when to go, tell me when to go  
Finna go deep, tell 'em, "Put it in motion"  
We be gettin' hyphy, 'cause we from the west coast  
These hoes gon' try, but they can't come close  
No, they can't  
Niggas get fly, but don't get no money  
Soon as we done, I tell him when to go, baby

Tell me when to go  
Tell me when to go

Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go  
She like tell me when to go  
Tell me when to go  
Tell me when to go, go  
Tell me when to go  
Go, go, go, go, go, go, go, go

Off the drank, you know what time I'm on  
Be makin' up positions, she be 'bout to break her backbone  
It's late night, baby, ain't tryna get my relax on  
I'm good for two nuts, then I'm tryna get my nap on  
That's the realest shit I've wrote  
We don't talk much durin' the day, but at night we be tryna do the most  
Man, I drink so much, I got tequila body  
It's tequila when I nut, she tryna drive the boat  
Dick in house, pussy, I live with you  
What I gotta do to have some baby boy kids with you?  
In too deep continue to dig with you  
This for when we had issues, when I'm on that, make me miss you  
Don't go trippin' off the past, just let it go  
Don't go fuckin' with your ass, be natural  
She believe me when she ask me 'bout it and I her, "No"  
Damn, bitch, you went with your bitch and you won't let her know

Oh, your body is bangin'  
You look better naked  
Your pussy don't need no fragrance  
I'm tryna entertain it  
Believin' in the matrix  
But I'm so, so, so patient  
For you I will keep waitin'  
So please, please, please, please
