Ride with my niggas
Like fuck it, die with my niggas
You a nigga with bitch ways
You remind me of a bitch named Tiffany
Nigga you a bitch telling me who's snitched you a snitch
All hammers getting tough
And all bad bitches getting fucked

Ice on my neck, fly first class on the jet
Bitch what's up with that neck
Young nigga tryna fuck
No ifs, ands, no buts your b want nuts
Don't cough nigga pass the bitches
All my homies thirsty they harass the bitches
Uh, fuck you it's your problem
Lowkey mad cause my ex was a bopper
(But I don't give a fuck)
Cash out on the bitch
I whip fast out on a snitch
Watch me do my dougie
Naw nigga watch me get rich
Pull up in that Porsche they pissed
(But I don't give a fuck)
My old bitch got money like Oprah
All my homie sip lean and do coca
Pistols get popped like soda
Hate a bitch, who pussy got odor, ugh

Ill Will chilling
Ask me what I'm doing shit I'm trying to make a million
Put the fam on sit back and make a killing
Riding round dolo in a Range on a mission
Flight to Puerto Rico, Spanish chicas
No habla espanol please repeat that
Kicks I got they yes'in (whooo)
Can't get em they stressing (whoop)
Never thought I was rapping material
But the fact is I'm killin you and im coming and tellin you
Could've switched occupations
Jumped on the track just for vacations
Can't do me dog, just face it

And these metals around my neck make a broke nigga go crazy
