YG

(La la la la la la la)

Aye, do you fuck with me how I fuck with you?  
Aye, is your love for me bulletproof?  
If I fuck on a bitch, is you gone fuck on dude  
Is we gon' play 'monkey see monkey do'?  
If I fuck you good, is you gon' fuck me back?  
Is you really gon' get that name tatt'  
Top of morning, you throw that thang back  
I love how you keep that thang waxed

Aye, I wanna know if this mutual  
I wanna know is this suit us both  
I wanna know 'cause you beautiful  
I wanna know 'cause I'm spending time  
I wanna know, I got too much pride  
Is this full time or this part time?  
I wanna know, don't leave me blind

Don't wanna know your past, 'cause I'm your new  
I just wanna know every nigga you sent some nudes  
Do you fuck with me how I fuck with you?  
I wanna know if we can fuck up in this coupe

When I say I love you (Love you)  
That means I love you  
No matter what conclusion we come to  
I'm the one you run to  
And I always come through  
Nothing I won't do  
You say you want a ride-or-die  
Well, la la la la la la la, I ride  
But you know I'ma ride, la la la la la la la

Uh, when the streets ain't safe, can I slide with you?  
I heard they looking for me, can I hide with you?  
You look like you light candles and like honest truth  
You got that positive vibe, I'm tryna vibe with you  
I ain't the type that shake before I pop, I ain't soda  
I'm the type to ice your neck, lil diamond choker  
I ain't the type to put in that baby Range Rover  
I'm the type that give you love taps when I bend you over  
Aye, I do you proper, have you singing operas  
2020 Bonnie and Clyde, who the fuck gon' stop us?  
Paparazzi catch us out, we look like big shoppers  
Big Saint Laurent, big Louis Vuitton with the big Prada  
I had us looking crazy in front of the club  
That camera man got me fucked up  
Even though it wasn't what they said it was  
Red roses down your hallway lead you to you tub

When I say I love you (Love you)  
That means I love you  
No matter what conclusion we come to  
I'm the one you run to  
And I always come through  
Nothing I won't do

You say you want a ride-or-die  
Well, la la la la la la la, I ride  
But you know I'ma ride, la la la la la la la
