Yo, it's fucking Friday, we got fucking bitches
It's fucking time to party [?]
Shut the door [?], what's wrong with you?
Don't you got no manners?

Shit, we not gonna close the door until you come out and party
with us, homes
Let me think about it
Got my money, party with bitches
Hundreds and 50's
Big ass titties
Got the green
Get in between those titties
[?] let's party
