

# Sober

YG

She only like me when I'm sober, that's when I don't like me at all  
She like fuckin', think you know her, she don't even answer when I call  
I put her in a Rover, told her, "Girl, just be down for the call"  
'Cause when I'm not sober, that's when I be down your walls

I like it faded, I like it better when you naked  
Put it in my face, I wanna taste it  
Pour me a whole cup, fuck chasin' it  
I'm in love with gold bottles and Don Juli'  
I love 'em how I love slim bitches with big booties  
It keep me in my mood, I be moody  
And Mama always told me actin' hard kill all the coolies  
So I hope you answer when I call  
'Cause I'm tryna pull up, kiss you, dick you down and all  
Please don't kill the vibe bringin' up the alcohol  
'Cause this is nothin' new if you knew me

She only like me when I'm sober, that's when I don't like me at all  
She like fuckin', think you know her, she don't even answer when I call  
I put her in a Rover, told her, "Girl, just be down for the call"  
'Cause when I'm not sober, that's when I be down your walls

Got her dirty out the soda 'cause I'm never sober  
Fell up ice to the brim, brim, brim, I like it colder  
I've been sippin' promethazine ever since I blowed up  
Stay away, these cold de-demons got ahold of me  
But when I'm sober, that's the only time she love me  
And when I poured up, she don't wanna be in my company  
Even though I double C, five star, I don't do no double treat  
These young niggas, they can't fuck with me  
Been makin' big bucks  
When time get rough, can't kick the cup  
I'm still sippin' on this drink, I won't wanna give it up

She only like me when I'm sober, that's when I don't like me at all  
She like fuckin', think you know her, she don't even answer when I call  
I put her in a Rover, told her, "Girl, just be down for the call"  
'Cause when I'm not sober, that's when I be down your walls

I was in the stu' with YG and got drunk  
And I called you on the phone, baby, I was fucked up  
And my high felt like it was hit with nunchucks  
I didn't expect for us to split up  
And I didn't think that you wouldn't talk to me for months  
So I cracked one open like I was in Somalia  
But why they shitty when you won't even talk to me (Talk to me)  
Mmm-hmm-mmm (Talk to me)  
Baby, I promise I'ma make you proud (Ooh)  
I'ma be a changed man when you come around  
But thank God you don't want me back now  
Wanna tell you that I love you, but the beef would fall out

She only like me when I'm sober, that's when I don't like me at all (Ooh-ooh-ooh)  
She like fuckin', think you know her, she don't even answer when I call (Ooh-ooh-ooh)  
I put her in a Rover, told her, "Girl, just be down for the call"

'Cause when I'm not sober, that's when I be down your walls  
She only like me when I'm sober, that's when I don't like me at all  
She like fuckin', think you know her, she don't even answer when I call  
I put her in a Rover, told her, "Girl, just be down for the call"  
'Cause when I'm not sober, that's when I be down your walls

'Cause when I'm not sober  
'Cause when I'm not sober  
'Cause when I'm not—
