

Time For That

YG

Yeah, it's gettin' late, don't keep me waitin'
I need company and relaxation
Yeah, all these girls the same, but I'm patient
I need sex and good conversation
Question mark, I don't got time for that
I need me a shorty who gon' write right back
Pull up to the crib, where you parkin' at?
Don't worry, I'll pay the fine for that

Ice all on her wrist, yeah, it's frozen
