

How can I love somebody else?  
If I can't love myself enough  
To know when it's time  
Time to let go  
Sing

All I really want (Yeah)  
Is to be happy (Oh, yeah)  
And to find a love that's mine (Ah, ah, ah, ah, ah)  
It would be so sweet (Hey)  
All I really want (Oh)  
Is to be happy (I wanna be happy, yeah)  
And to find a love that's mine (Yeah, yeah, yeah, yeah)  
It would be so sweet

I know what she want, she want what's inside my jeans  
She want my heart with the lock, she wanna throw away the key  
She make love, she will get fucked, gang, gang, got her throwin' up Bs  
She like, "Boy, don't do me wrong, just Birc' and Prada me"  
It's casa, 'cause they come but I really love her  
Got her out here competin' with my baby mother  
Bought her a new car, I be on the bumper  
No, she can't see me leavin', she like Stevie Wonder  
Late twenties, but with me she feel hella younger  
Sugar daddys try to get her, she don't give her number  
She need a vaca', she been dancin' all summer

Don't post me on no Insta, gotta keep me tucked (Keep me tucked)  
Treat her like a Queen of France, think I'm mean as fuck  
And when it come to pain, she run a maze  
Couldn't break her heart, you gotta break her bed, ayy  
Kill that pussy, hurt, she dead, butt naked in bed, is what she said

All I really want (Yeah)  
Is to be happy (Oh, yeah)  
And to find a love that's mine (Ah, ah, ah, ah, ah)  
It would be so sweet (Hey)  
All I really want (Oh)  
Is to be happy (I wanna be happy, yeah)  
And to find a love that's mine (Yeah, yeah, yeah)  
It would be so sweet

Do you love her? Yeah, I really love her  
She met my mother, cool with my brother (My brother)  
We be doin' our thing, no Danny Glover  
Like, fuck it, 'bout to have two baby mothers (Baby mothers)  
Before you get dressed up, hit it on the dresser  
I'm out here givin' love, pain and pleasure  
Less is more, I don't ever stress her  
Tell her she a bad bitch, nothin' lesser  
But she confused, she want titles and I tell her "Nah"  
She confused, us together is what she saw  
She confused, 'cause I love her so that's what she thought  
She's confused and that's 'cause I be in it raw  
She confused and she tellin' me it's my fault

I said I love her, then I point out things that I brought  
You knew from the gate I had family I won't shake  
So stop bein' fake, tears fall from her face when I talk

All I really want (Yeah)  
Is to be happy (Oh, yeah)  
And to find a love that's mine (Ah, ah, ah, ah, ah)  
It would be so sweet (Hey)  
All I really want (Oh)  
Is to be happy (I wanna be happy, yeah)  
And to find a love that's mine (Yeah, yeah, yeah)  
It would be so sweet

Our father, the father of Abraham, Isaac, and Jacob  
The one that took two fish and five loads of bread  
And blessed a multitude of people  
I come to you today, askin' you to give this young man courage  
To do the right thing, givin' in strength, Lord  
'Cause right now, he's out here, breakin' hearts and makin' babies  
So I feel the best for him and all those involved  
Is to end all relationships  
Give him wisdom to make the right decisions, Lord
