YG

Ooh yeah
Woah, oh, yeah, yeah
(I mean like, you really want me to say that shit?)
Dolla \$ign
(4Hunnid)

Baby, can I ride with you
Lay up all night with you?
Baby, who gon' vibe with you
The same way that I do?
Baby, can I ride with you
Lay up all night with you?
Baby, who gon' vibe with you
The same way that I do?

Uh, I ain't never on no soft shit
But I'm gangsta all day, I need a bitch I can be soft with
She know I got a heart, even when I talk shit
Could never meet her at the club 'cause she ain't on the market
I picture us together, I'm an artist
Bulletproof vests when you with me, I'm a target
You got that shit on, and you wear it like you been on
Smellin' like Chanel, ooh, don't get me started
I fuck with you, you idolize Beyoncé
I fuck with you, your baby hairs like Ashanti
If I put a baby in you, then you stuck
You could never leave, we ain't doin' a Kim and Kanye
My real nigga ways rubbin' off, I leave a stain on you
If you gang, I'll leave a 4Hunnid chain on you
I feel kinda weird, talkin' to you through this verse
Just let me pull up right now, put this thing on you, woah

Baby, can I ride with you (Baby, can I ride?)
Lay up all night with you?
Baby, who gon' vibe with you (Oh, oh)
The same way that I do?
Baby, can I ride with you (Baby, can I ride?)
Lay up all night with you? (Woah)
Baby, who gon' vibe with you
The same way that I do?

Mercedes or Aston, I tell her, "Pick one"
Let you dip your hand in this bag, you bet' not switch up
I fuck with you heavy, don't get it mixed up
Bitches ain't as lit up as you lit up
Tryna find some dirt on my gangsta, that you can dig up
Bitch, I don't know no Keisha, so what, you mad and ain't gon' pick up? (Huh
)
Fuck it, we gon' hop in this vehicle, go and spin one
You the definition of a real one, baby, been one
Told me tat' her name where it's visible, I'ma get one
Shit got critical, you ain't wiggle on me, big ups
Yeah, I triple salute for being trill
I told her I'm on 'em, she blame the pills
Nevermind the millions, politically in the field
I just need a driver, I'm squeezin' when it get real (Frr, frr, frr)
Bonnie and Clyde vibes 'til it's over, for real, for real

Bonnie and Clyde vibes 'til it's over, for real, for real (Frr, frr, frr)
