

War Scars

YG

Tried to show love to a snake and it had bit me
My dog, I thought was a hunnid, man, he turned to 50

Tried to show love to a snake and it had bit me
My dog, I thought was a hunnid, man, he turned to 50
I know they plottin' and watchin', they tryna get me
That's why I pray to Allah that he be with me
I got a lot of war scars on my heart from battles I know I ain't want
It's safe to say that if I had to do again, you know I would do it for fun
I know my mama love me, but she hate the way I gotta walk around with a gun
I rather get caught with it than without it, mama know her son ain't goin' f
or nothin'

She know how I am
You play, we gon' shoot the lights right out the gym
I keep me a gun, I ain't goin' for nothin'
Better hope I don't get close or duck in the gym
Tried to show love to a snake and it bit me
The chances for survival for it, lookin' slim
Was taught pay attention and watch yo surroundings
'Cause lights that seem bright can appear to be dim
And I know that they wanna put me in a grave
And I see that they plottin', tryna make a way
I refuse to let them copy they can't perpetrate
Look at 'em bitin' yeah, they tryna ride a nigga wave, aye

Tried to show love to a snake and it had bit me
My dog, I thought was a hunnid, man, he turned to 50
I know they plottin' and watchin', they tryna get me
That's why I pray to Allah that he be with me
I got a lot of war scars on my heart from battles I know I ain't want
It's safe to say that if I had to do again, you know I would do it for fun
I know my mama love me, but she hate the way I gotta walk around with a gun
I rather get caught with it than without it, mama know her son ain't goin' f

I keep that blicky on me, just for the tricky homies
I only fuck with partly, gotta keep that distance on me
Nah, I ain't mad you fucked my bitch, man, we know she a freak
I'm mad though, to get the panties, you had to talk down on me
Snakes in the grass, we don't feed
We cut they heads off for free
My youngins troopin' go stupid
They be ready to slide when they geeked
How you drop a addy on me?
Yo mom & daddy know me
Try to let me have it, turned me savage
Now we spazzin' OD
The bro turned opp last week
Keep the heat, 'cause he know where I sleep
Once was a brother to me
Man, this shit be fuckin' with me
Never slip, I'm pullin' up deep
Bulletproof, I know that they creep
Niggas mad I'm makin' these millions
How you mad at me? I did me

Tried to show love to a snake and it had bit me
My dog, I thought was a hunnid, man, he turned to 50
I know they plottin' and watchin', they tryna get me
That's why I pray to Allah that he be with me
I got a lot of war scars on my heart from battles I know I ain't want
