Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah

Come on top, tonight's your night  
Girl, you can have your way  
You say you've been stressing  
Let me take away your pain

You say that you love the way I take it to the face  
Head between your legs  
Ooh, I love the way you taste

I dive in your aqua, you love how I stroke  
We can do it fast-paced, or we can take it slow  
I wanna get freaky, girl, you know  
Tell me if you want it, 'cause I want it, girl, let's go

I wanna get freaky, I'm in deep (deep)  
I wanna get freaky, I'm in deep (deep)  
I wanna get freaky, I'm in deep (deep)  
I wanna get freaky, I'm in deep (deep)

I got gooey, let's twist it, roll it up, get lifted high (high)  
I wanna hit it, baby, pull them panties to the side

I got all night to fuck you, girl, so let me take my time  
One of a kind, just what I like

I dive in your aqua, you like how I stroke  
We can do it fast-paced, or we can take it slow  
I wanna get freaky, girl, you know  
Tell me if you want it, 'cause I want it, girl, let's go

I wanna get freaky, I'm in deep (deep)  
(Deep, deep)
