You just actin' sneaky, girl, you wanna hide it
Put you all over the TV
You standin' like me, girl, you look so exotic
Them purses you wearin', exotic
Them heels that you're wearin' exotic
Can't get my ass up about it
Girl, you look so exotic, oh

Exotic, exotic, exotic (Girl, you look so exotic)
Exotic, exotic, exotic (Exotic)
Exotic, exotic, exotic

Girl, you know you look so exotic
I can't take my eyes off your body
I gotta apologize for the way I grip those thighs
I know you got me hypnotized
But I got a lot of shit on my mind (On my mind)
I know you see me with the guys
'Cause you know I got a lot of mob ties (Mob ties)
I got that shit that can't be replaced (Oh no)
I see the look on your face
You wanna be the girl, shit, oh you know that she litty
Hate when you seein' us walk through the city
Bitches, they callin' me poppa like Biggie
Animal pussy, I'm doggin' that kitty
She with me like Tasha, I stay with that Tommy
I roll in the Ghost and got power like 50
I know that you hold it down when you're with me
I run out of shots, you got rounds when you with me (Oh, yeah)
Pour that shit up, smoke a pound when you with me
You know that my eyes gettin' red and they trippy (Oh, yeah)
Party on your body, I'm invited
You know that I love this, so exotic, ah

I know you really get freaky
You just actin' sneaky, girl, you wanna hide it
Put you all over the TV
You standin' like me, girl, you look so exotic
Them purses you wearin', exotic
Them heels that you're wearin' exotic
Can't get my ass up about it
Girl, you look so exotic, oh
Exotic, exotic, exotic (Exotic)
Exotic, exotic, exotic (Girl, you look so exotic)
Exotic, exotic, exotic (Exotic)
