

Pressure

YK Osiris

KD run it up

Gotta million thoughts that's on my mind
Choice was mine but I can't hide
Bitch playin', it got me sinkin'
Sometimes I think drownin'
Money always on my mind
Amazon, I'm in my prime
Audemars and Rollie, to remind me I can't waste my time

Have you ever lost it all then got it right back? (Oh, oh-oh)
Have you ever lost yourself and couldn't that? (Oh, oh-oh)
Have you ever lost your dawg and couldn't fight back?
Auntie smokin' crack up in the house, I swear, I saw that

Don't ever change on me, I pray you hold me down
Show you a thing or two, long as you stick around
Heart close, it's barely open
Can't fold, I'm God-chosen
Ain't gotta tell you any flaw 'cause you know that I'm real

PS5, they playin' games, I'm not the one
I ain't lyin', they say they love you then they run
The prayers stay inside, sometimes I feel it then I'm done
I'm testifyin'
Feel the pressure (Swear to God)
Can't nobody stop my blessings (You got me fucked up)

Feel like I'm fightin' by myself but I'ma keep the gloves on
Landmines in my mind, hope they don't get stepped on
I swear, I'm prayin' every night just to make it back home
Want you to see what I've been seein', just to know what I'm on
I guess you know what I'm on

Don't ever change on me, I pray you hold me down
Show you a thing or two, long as you stick around
Heart close, it's barely open
Can't fold, I'm God-chosen
Ain't gotta tell you any flaw 'cause you know that I'm real

PS5, they playin' games, I'm not the one
I ain't lyin', they say they love you then they run
The prayers stay inside, sometimes I feel it then I'm done
I'm testifyin'
Feel the pressure (Swear to God)
Can't nobody stop my blessings (You got me fucked up)
(Bah-bah, bah-bah)

[?] come to me, I keep it real
I'ma pray too 'cause that's how I feel
I'ma pray too 'cause that's how I feel
Yeah, yeah, na-na-na
Yeah, yeah, na-na-na
