

Stop The Bully

Ylona Garcia

"Give what I want or else!"

Stand for your right and look straight in his eyes
Don't let the fear get into your heart
State what you want or you'll never ever get it
Don't mumble the worlds and you just let it out
Just say no, oh woah!
You can't do that to me

"You will never succeed"

"Oh what a loser"

If you cross the line, you will see who I am
I don't have to take it up against the wall again
You think I'm afraid, but you never show your face
All you can do is hurt me with your words
But I know who I am and you can't bully me again

So stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh no, stop bullying me

"Move over you crybaby"

Believe in yourself, don't let them put you down
Put up a smile, and turn them all around
Oh, don't you cry, that's what they wanted
Don't go for the fight, or they'll say you started it
Just say no, oh no no no!
You can't do that to me

"Everybody hates you"

"No one will ever love you"

I don't understand why you have to be so mean
It seems like you've been hurt, but you're keeping it within
Why don't you try to tell me how you feel?
We can be friends and maybe I can help you heal
Come take my hand, let's start all over again

So stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh no, stop bullying me

"Oh my god, she's so fat"

"Isn't she ugly?"

"And she's stupid too"

Is this the way that we want it to be?
We fight with people we don't even see
If there is kindness between you and me
Then what a wonderful world this would be

So stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh stop, stop the bully
Oh no, stop bullying me

So stop, stop the bully
"She's such a weirdo"
"And she's so pathetic"
Oh stop, stop the bully
"She's so disgusting, did you see what she was wearing?"
Oh stop, stop the bully
"Yeah, she looks like a crazy person"
"I know"
Oh stop, stop the bully
Oh no, stop bullying me

Oh stop, stop bullying me
