

I Beliebe

Ylvis

Are you ready for me, Norway
For a superstar inside a private jet
Tonight I'm gonna set the crowd on fire
Gonna give you something that you won't forget
Cause I beliebe, I beliebe, I beliebe, I beliebe you're ready
I beliebe, I beliebe you're ready for The Bieb
I'm the biggest star that's ever been to Norway
And tonight I'm gonna make you all beliebe

I am ready for you, Justin
For the best night of my 16 year old life
I'm gonna be there early, gonna stand in line
And I bet I am the only girl who made a sign
I got a feeling you will notice me tonight

And I beliebe, I beliebe, I beliebe, I beliebe I love you
(You're the only one) You're so amazing I can't believe that you
are real
(Am I real? Am I really real?) And I beliebe, I beliebe, I beliebe, I beliebe you're perfect
And nothing's gonna change the way I feel
Cause tonight
Gonna be the best night ever

Yes, tonight
I'm gonna blow your minds

Cause tonight
He will change our lives forever

I'm changing a whole lot of teenage lives tonight
