

# I Will Never Be A Star

Ylvis

They're amazing, don't you think?  
So incredibly talented  
So many hits on YouTube  
So many things to live up to

They're amazing, don't you think?  
My two older brothers  
They've had a wonderful career  
But I was never asked to join them

Oh God, how can it be?  
Those assholes did not ask me?

I will never be a star  
I will never ever do a concert  
Never perform with an audience  
I'll never stand alone on stage  
I wouldn't have the nerve to do it  
Guess I would fuck it up anyway  
I will never be a star

I have some tricks up my sleeve  
How I wish that I can show them  
I spin a pen around my thumb  
And then I grab it with my index

I want to show it  
But I know I can't  
Cause the live audience  
Gives me nerves here I stand  
I tremble, I sweat  
Shivers run down my spine  
As I stretch out my arm and prepare

That's why I'll never be a star  
I wouldn't know how to move my body  
I would be stiff as a traffic light  
I will never be a star  
I wouldn't know how to top the chorus  
With lots of smoke going everywhere

Ok, listen up everyone!  
I know you enjoyed my pen trick  
And it's real easy, you can learn it too  
Just go to YouTube and search for "pen trick"  
That's what I did!

I will never be a star  
You better believe it  
Cause I mean it  
I will never be  
I will never be a star
