

2 Much Drip

YN Jay

Ooh, ooh, ooh
(Kirk, this another one)

I got the juice, I can't get did like Steel
Too much drip, hope this shit don't spill
Ain't got no choice, I gotta keep it real
These niggas broke, they don't pay no bills
I got the juice, I can't get did like Steel
Too much drip, hope this shit don't spill
Ain't got no choice, I gotta keep it real
These niggas broke, they don't pay no bills

Never switch up, I'm on the same team
Sippin' juice, fuckin' on your main squeeze
I paid a rack for these jeans, boy, they ain't cheap
Niggas try to take my style, but they ain't me
Mike, calm down, that's too much drip for 'em
Jose just hit my line, he got a big order
Baby 9 hold ten, bought a stick for it
Sell that dope like the '80s, bitch, I'm Rich Porter
Fell off a hundred times tryna stack ten
Need that pape' up front, fuck a backend
I don't want the Wraith no more, I need a black Benz
I'm just tryna get a mil' with all my fat friends
Half white, half black like my Concords
Bitch say she love me 'cause I be lyin' to her
I just drunk a deuce of red, I got nine more
I got a play for seven hundred out in Pine Shores

I got the juice, I can't get did like Steel
Too much drip, hope this shit don't spill
Ain't got no choice, I gotta keep it real
These niggas broke, they don't pay no bills
I got the juice, I can't get did like Steel
Too much drip, hope this shit don't spill
Ain't got no choice, I gotta keep it real
These niggas broke, they don't pay no bills

I build the extra credit, I think I need a bonus
I just blew a Cherry plant, I think I'm finna clone it
I've been sippin' too much lean, I've been in slow motion
You've been broke since Chuck E. Cheese, you ain't had no tokens
I had to wait my turn, finally got my moment
I seen all this shit comin', I just had to focus
Snuck the pistol in the party, they ain't even notice
I don't hang around with niggas, niggas be on ho shit
Ayy, you ain't never sold shit
Why you flashin' all that money? Nigga, you don't own shit
I taught myself the game, I ain't have no coaches
Nigga tried to set a pick, I put a play in motion
I be deep up in that water, I ain't in no ocean (Nah)
Your bitch love how I be drippin', got her pussy soakin' (She wet)
Gotta watch who you around, niggas be the brokest (Niggas broke)
My young dog act like Bishop when he get to rollin'

I got the juice, I can't get did like Steel
Too much drip, hope this shit don't spill

Ain't got no choice, I gotta keep it real
These niggas broke, they don't pay no bills
