

## I Cant Stop

YN Jay

I just pulled up on the green light, why would I stop?  
I got people depending on me, I can't flop  
Gotta get it, get it right, I know I can't stop  
No, I can't stop  
Til I'm on top  
Niggas say that they be with you, they really not  
Niggas rats, niggas snitches, they really cops  
I just caught him at a green light, why would I stop?  
No, I can't stop  
No, I can't stop

I put my life on the line, they say they be with you, but they  
not, they be lying  
I ain't have nothing, had to get on my grind  
Came to the studio, had some shit on my mind  
Mama, to get rich, I can't forget about my mama  
I can see it coming, oo  
Bro gon' shoot when I say shoot  
Hit [?] bal like I play pool  
I've been in that water, I've been in pools  
I just [?]  
[?] what you gon' do?  
I just wanna eat, I want some food  
Get rich, go broke [?]
