

Knock Knock Knock

YN Jay

Baby
Ooh, baby
(Yo, Stackz, open up, what the fuck are you doin' in there?)
Ooh
(Thank you, GC)
Ooh

Knock, knock, knock, I think that's my bitch at the door
Could've been a opp, so I grabbed the Glock off the floor
Could've been a raid, I think that's the cops at the door
Lookin' for the K but I left the chop' by the door
Bitch butt naked, don't know what the fuck goin' on
Told this bitch, "Wake the fuck up 'cause you goin' home"
Had a long night, I just woke up with a random bitch
Girlfriend keep callin' my phone, I can't stand this bitch
Knock, knock, knock, somebody still at the fuckin' door
That's how it sound when I fuck your ho
Fap, fap, fap, that's how it sound when I shoot my gun
So whoever behind this fuckin' door, you better fuckin' run

Ooh, baby
Ooh, baby

Knock, knock, know, "YN Jay, is that you in there?"
Open up the door, that's my bitch, she said, "Who in there?"
Nobody, bitch, why the fuck you at my front door?
Bitch think somebody in my crib, I'm said, "Fuck no"
Closed the door, tried to walk off but she just walked in
How the fuck I forget to lock the door?
Bitch told me she already know about the ho
Talkin' to this bitch so long, I forgot the ho
House so big, I can't even find this bitch
But my bitch lookin' for her, she might probably find a bitch
Bussin' out my windows, fuckin' up my blinds and shit
She ask me, "Why you cheatin' on me, why you always lyin' and shit?"
Walkin' through the hallway, finally made it the bedroom
I said, "Girl, don't open up that door"
Bitch opened up the door anyways, I told you, though
She found another ho

Like, I told you, baby, don't open up that door
Why would you do that?
Know you supposed to knock first, baby

Knock, knock, knock, somebody knockin' at the door again
When I win, I lose, when I lose, I'm suppose to win
Take a picture of this game winner, I'm finna post a win
Come to find out, they was bestfriends

Like, I ain't even know y'all knew each other
(Thank you, GC)
You know what I'm sayin'?
My bad
