(Enrgy made this one)

I ain't gettin' on a plane but my bag can fit  
I just beat her doonies down, ahhhh

I ain't gettin' on a plane but my bags can fit  
I just beat her doonies down with the magic stick  
I hitstick a bitch like Madden 6  
Had to buy some packages so the cash can fit  
In the old school like my pops but my dad legit  
I ain't never had no fuckin' license but my bag legit  
Moxberg hit him from the front, do a backwards flip  
Playin' with the kitty like a coochie, tell her cat do tricks  
Boy you got them tight ass jeans on, bet the stack can't fit  
Boy I heard yo bitch cheatin' on you, better smack that bitch  
Nawww my nigga, why you- damn, you smacked that bitch?  
I was just playin', you ain't even have to smack that bitch  
Money fallin' over, I ain't even have to stack that shit  
You already stuffed it, I ain't even have to pack that bitch  
How the fuck you make it to the top? You gotta stack that shit  
How the fuck you blow up off of words? You gotta rap that shit  
How the fuck you mail it on the plane? You gotta wrap that shit  
How the fuck you make it out the hood? I had to rap, that's it  
I made a song called Coochie now I- damn  
I made a song called Coochie, now I rap, and now they know me n  
ow  
I just took a niggas shit, gave it back, now he owe me now (Lik  
e what the fuck? Like, damn!)  
Told a bitch I don't wanna fuck if I can't fuck yo friend with  
you  
Baby I can't spend the night, I gotta go, I'm not stayin' with  
you  
Even if I was drunk when I got done fuckin I ain't layin with y  
ou  
No, I might just cuddle with yo little pretty ass, I was playin  
' with you  
No, I might just hit yo best friend and yo other best friend, I  
need three of you  
I'm the only one really believe in you  
Can't nobody else really see what I see in you  
Babygirl I still think of you when I ain't seein' you  
I'll prolly be gone for a while but I ain't leavin' you  
Aye, why would I do that if you stayed down in since I knew you  
girl?  
How I just met you and it feel like I been knew you girl?  
Sexy bad bitch, when they step out they like, "Who you girl?"  
Ahhhhhhhhh
