Oh-hey, oh-hey-ah

Don't really give a fuck if they was fam, you gotta watch your niggas

Lil' bro, he be trippin', he go H.A.M., you gotta watch that nigga

Every time lil' bro, he be poppin' Xans, no, I can't stop that nigga

You can't leave my side when we locked in, I damn near dropped my nigga

You can't leave my side when we locked in, I damn near dropped my nigga

I almost got set up by my friend, I damn near popped my nigga

I be in the bottom with my mans, but I'm at the top, my nigga

Nigga pulled up with an F&N, I got a chop, my nigga

Gotta lock my door when I walk in, I gotta watch my niggas

I know you my mans, but I can't trust you, I can't lie, my niggas

Swear it's like I gotta watch my mans, I got my eye on niggas

Swear I gotta watch my fuckin' friends, I gotta watch my niggas

I swear I can't waste time, but I spend time on my time

I swear I can't waste time, so I spend time on my grind

I swear I can't waste time, I got my eyes on the prize

I be drinkin' promethazine, yeah, I can't lie, yeah, I get high

It be feelin' like I'm dead, but I'm alive, no, I can't lie

It be feelin' like I'm dead, but I died up inside

It be feelin' like I'm dead, but I'm alive up inside

Every day, I pray to God, yeah, I thank God that I'm alive

It be feelin' like I'm high, but I can't fly, no, I can't fly

I don't never tell the truth, but I can't lie, no, I can't lie

I don't care if I don't make it, I thank God that I tried

I don't believe what you said because you lied right in my eye

Don't really give a fuck if they was fam, you gotta watch your niggas

Lil' bro, he be trippin', he go H.A.M., you gotta watch that nigga

Every time lil' bro, he be poppin' Xans, no, I can't stop that nigga

You can't leave my side when we locked in, I damn near dropped my nigga

You can't leave my side when we locked in, I damn near dropped

my nigga
