

Proud Of You

YN Jay

Told myself for the first time, man (Ooh, yeah), yeah (Yeah)
I told myself, "I'm so proud of you"
I could've been gone a long time ago, ooh
Could've been gone, ayy, yeah
I'm still alive, I'm so proud of you (My nigga Two4 the G.O.A.T., these other niggas basic)
Ayy, ayy

I told myself, "I'm so proud of you" (Yeah, yeah, hey)
Could've been gone, I'm so proud of you (Hey)
I'm still alive, I'm so proud of you (Hey, hey, ayy)
Look at me now, I'm so proud of you (Hey, yeah)

I told myself, "I'm so proud of you"
I know you wanna take my spot, wish that I was you
Can't let 'em take my life from me, ain't no robbin' you
Lately, I been real to myself, I can't lie to you
They wanna know, they look at me, "What he 'bout to do?"
Mama told me, mama told me ain't no stoppin' you
I don't want the fame, but it come with the game
I don't want a chain, I just wanna see change
I don't wanna die, but I wanna see Gabe, yeah, yeah (I wanna see my brother right now), ayy
I don't wanna die, I just wanna see Gabe, ayy
I don't wanna cry, don't wanna feel pain, ayy
Ayy, don't come if I can't bring my gang, ayy
I ain't do it for Heaven, now she in a grave (Ayy)
I don't know Prince, but I sip purple rain
Drippin' too much sauce, I left Gucci stains

I done some wrongs to make it right myself
I'm in a room all alone, I swear to God sometimes I fight myself
I'm not wrong, but this the life I was dealt
Now I'm grown on my own, I don't need no one to right my steps
I told my bae that I'm so proud of you
I wish that you just wouldn't do no shit that I would do
We been kickin' back since then like some Prada boots
Sometimes you make me feel like I just hit the lotto too
Now I'm on top of you
I hate the rain when it's not so sunny
I feel the pain when I ain't got no money
Just ride the wave, I got a lot more comin'
I'm gettin' paid, it's a lot more money
I'm in the game, I got the lock code for it
I know my mama, she so proud of me
Fuck the struggle, we done made our way through poverty
I'm tryna bubble, I done made myself a prodigy
Show me love and you can get anything out of me
Ain't no probablys

I know you deserve it, I told my feet, "I'ma Prada you"
You know I'ma serve 'em, bitch, I be busy, I'm curvin' you
You know it's on purpose if I draw then blow down on you
Bro said, "You know you hard, but turn up 'cause they doubtin' you"
We might do the impossible, this shit nearly remarkable
Bro, and I was still grindin', man, and they told me I'm marketable (Yeah)
I was just drivin' through, I'm lit, that's what diamonds do

This bitch always sad, I say, "I do not got time for you"
Your life on the line, do you know who gon' ride for you?
If I was givin' jobs out, do you think I would hire you?
Your loyalty ain't shit, and for that, I would fire you
It's hard to deal with family when you become the higher you

I told myself, "I'm so proud of you" (Yeah, yeah, hey)
Could've been gone, I'm so proud of you (Hey)
I'm still alive, I'm so proud of you (Hey, hey, ayy)
Look at me now, I'm so proud of you (Look at me now, I'm so proud of you)

I told myself, "I'm so proud of you" (Hey, ayy)
Could've been gone, I'm so proud of you
I told myself, woah
