Eighty-thousand in my Fendi fit, I gotta watch my pouch

Unc still got the bag in, it is not no drought
Hundred-fifty fiends on one phone, the Feds hit my house
State boy just got behind me, I gotta switch my route
I was in the county, eating noodles, tryna get let out
Jay said we finna get rich, I gotta pick my house
Homie got twenty-five years, I hope he get back out
Took a nigga shit a year ago, he want his shit back now
This bitch breath stink bad, she need a tic-tac now
Caught him flipping at McDonalds, he need a Big Mac now
This bitch think she got ass, she got a big back, wow
Big bag, walk around with weight, I got a six pack now
Lil nigga actin' like he tough, he better sit back down
Beat a nigga ass in the club, he won't get back out
Me and Jay hit Sach's today, and we both tripped out
Me and bro never went to school, we was both kicked out
