

# Thittie Man

YN Jay

(Marc Boomin, I miss you)  
Marc, man, why you do that man?  
Yeah  
Aye

6 bitches with no top on, in the titty van  
You know I love them thitties too, I'm the thittie man  
I can see the boobies through the shirt, give you a thittie scan  
You know I love that coochie too, but I'm the thittie man  
I'm the thittie man  
Bitch nipples get on hard when she see them bands  
We can fuck but I cannot stay, I'm a busy man  
I don't want your bitch she fat as hell, I'm a skinny man  
Oh that ass don't clap, I bet them thitties can  
Ridin' with a baby Draco, that's my mini man  
That's my girlfriend

Sometimes I tell myself, I ain't leavin' til the world end  
Mix perky with Odell, I can see the world spin  
You ain't got no love for no bitch, that's what my girl said  
I'll have my bitch kill your bitch, leave your girl dead  
You can see the demon in my eyes, when it turn red  
I know a bitch that got a real bag, she don't need for shit  
The only time she call my phone is when she need some dick  
The only time your bitches call your phone is when they need some rent  
P-I-muthafuckin'-M-P in me, you can see the pimp  
Bitch coochie wet as hell, you can see the drip  
Coochie fat as hell through the jeans, you can see the lips  
Aye, I don't need no bitch  
I'll be single all my life, before I keep a bitch  
Coochie Land make a porno channel, I'ma leak a flick  
Hold on, let me breast check them boobies, let me see them tits
