

Queen in Love

Yngwie Malmsteen

They all were there, the court was full
The king beside his queen
His love was cold, the fool will dance
for her 'till end of time,

The queen is in love,
The queen is in love.

She couldn't help her burning heart,
And now he's burning too.
Their love was blind,
They will dance until the end of time.

Queen is in love
Queen is in love

The furious king now has learned
He sentenced them to burn.
Forever one,
They are joined in death eternally

Queen is in love
Queen is in love
