Aye Trey, you ran off with this one
Young nigga all about his fetti
Yessir, yessirski, nigga ready
Foreign cars you know a young nigga got it
Young nigga ballin' hard like, uh, like he got it

My diamonds came from Icebox, my teeth came from Johnny
This Rollie on my wrist could buy a nigga mommy
Too much ice on my body, for me I'm sunny
Water, drip drip, Fiji, Dasani
My diamonds came from Icebox, my teeth came from Johnny
This Rollie on my wrist could buy a nigga mommy
Too much ice on my body, for me I'm sunny
Water, drip drip, Fiji, Dasani

The money done came in, and the fame came with it (Oh no)
My neck and my wrist lit, Fiji diamonds in it
Polar bear with it, Alaska, stackin' this money and my racks up, ask her
Private chauffeur, all this drip I need a coaster
Rollercoaster, addicted to me, I'ma get her throat suck
But I'll never love her, I'm in love with the fetti
Confetti, I'm poppin' like a getty
She slurpin' me, spaghetti
Steady blowin' up my celly
You know that I'm a deady
Say her favorite rap lil' boy, that's Lil' Melly
Designer, I be drippin' so heavy
For a car I don't do Chevy
Fill up my neck, I broke the levy
Got the money and respect so a nigga can't check me
Them niggas switched up so I guess they wasn't ready

My diamonds came from Icebox, my teeth came from Johnny
This Rollie on my wrist could buy a nigga mommy
Too much ice on my body, for me I'm sunny
Water, drip drip, Fiji, Dasani
My diamonds came from Icebox, my teeth came from Johnny
This Rollie on my wrist could buy a nigga mommy
Too much ice on my body, for me I'm sunny
Water, drip drip, Fiji, Dasani

Dasani
Oh no
I could fuck a nigga mommy (Haha)
We don't play no games
For real
