YNW BSlime

12 Hunna on the beat

Oh, oh-oh-oh-oh

Oh, oh

Lately, my mind has just been wandering

Feel like I'm just stuck in my brain

Free myself, I'm going insane

Who am I? Can someone help?

So much pressure, keep it to yourself

Depression messin' up my health

Lisin' myself, wouldn't feel my daze

My mind has just been wandering

Feel like I'm just stuck in my brain

Oh, oh-oh-oh-oh

Oh, oh

Like the say, our depression kills

In the bathroom poppin' them pills

See the tears fallin' down on your face

Block the world just to stay in your space

Feelin' like you don't have nobody

Wishing that you had somebody

Don't take your life

Everything's gonna be alright

Lately, my mind has just been wandering

Feel like I'm just stuck in my brain

Free myself, I'm going insane

Who am I? Can someone help?

So much pressure, keep it to yourself

Depression messin' up my health

Lisin' myself, wouldn't feel my daze

My mind has just been wandering

Feel like I'm just stuck in my brain

Oh, oh-oh-oh-oh

Oh, oh

My mind has just been wandering

Feel like I'm just stuck in my brain

Oh, oh-oh-oh-oh

Oh, oh
