Just Wait

YNW BSlime

(Comin' from the NextLane)
(Yung Shad, you killed this track)

And I know you're tired of my ways, but it's okay
I will change one day, just wait (Just wait)
I can't retire, this is my fate
Seen my brother's life decided by a case, no way (No way)
He been goin' crazy, makin' music on the scene, ayy
Livin' out a dream and I just hit thirteen, ayy (Thirteen)
I'm talkin' G.O.A.T (G.O.A.T.), twenty K a show (Show)
I make more then my teacher payroll (Payroll)
And I know you're tired of my ways, but it's okay
I will change one day, just wait (Just wait)

Your name was all around town
Then you had to lockdown
Now you have to lay low, wishin' you was out now
But watch it turn around, now we gettin' millions
They don't want no smoke, YNW spendin' bands
I don't need security all around me
Gonna go and stand by me (By me)
Smoke say stay away from the streets
Don't let it get to me
Seen all the dark times, now my eyes can't see straight
Feelin' like I'm free but there still is no escape
Don't let this blessing get away
I could be one of the greats
Everyone I hear Slime, say "Boy, you gon' be great"
He was tired of being away but it's ok
My Slime came to save the day, no way (No way)

And I know you're tired of my ways, but it's okay
I will change one day, just wait (Just wait)
I can't retire, this is my fate
Seen my brother's life decided by a case, no way (No way)
He been goin' crazy, makin' music on the scene, ayy
Livin' out a dream and I just hit thirteen, ayy (Thirteen)
I'm talkin' G.O.A.T (G.O.A.T.), twenty K a show (Show)
I make more then my teacher payroll (Payroll)
And I know you're tired of my ways, but it's okay
I will change one day, just wait (Just wait)

I can't retire, this is my fate
Seen my brother's life decided by a case, no way (No way)
