

# Like That

YNW BSlime

Do you want smoke?  
We want all the smoke  
PittThaKiD

Ooh-ooh  
Girl, I want you now (Girl, I want you now)  
When I'm with you, ooh  
All I can think is "Wow" (All I can think is "Wow")  
Please don't be stingy  
Don't walk away from me  
'Cause I'm too young to be feelin' like that  
And way too young to be in love like that

Is this love that I'm feelin'? I think I'm losin' my mind  
I need you right now, I'll give you all my time  
Baby, can you please come here and be mine  
We can take a step back and rewind  
Just tell me how you feel about me  
You can be my wifey, me and you the recipe  
Let me give you the world, girl, just be my boo  
We can be happy, stick together like glue

Ooh-ooh  
Girl, I want you now (Girl, I want you now)  
When I'm with you, ooh  
All I can think is "Wow" (All I can think is "Wow")  
Please don't be stingy  
Don't walk away from me  
'Cause I'm too young to be feelin' like that  
And way too young to be in love like that

Your body is on my mind  
So I can't stand when we fight like that  
And I can't stand when you cry like that  
(Got me) Feelin' torn apart  
(Feelin') Like you took my heart  
And you can't change what your heart wants back  
No, you can't change what your heart wants back  
So

Ooh-ooh  
Girl, I want you now (Girl, I want you now)  
When I'm with you, ooh  
All I can think is "Wow" (All I can think is "Wow")  
Please don't be stingy  
Don't walk away from me  
'Cause I'm too young to be feelin' like that  
And way too young to be in love like that
