Mmm

Mmm

You please (You please)

Can you please take one step closer?

Can you please take one step closer?

Move your body, move your body, woah woah woah

One step closer (Hey, hey)

Can you please take one step closer? (Hey, hey, hey)

Can you please take one step closer? (Uh, Uh)

Can you please take one step closer? (Uh)

Oh, can you please take

Move your body, move your body, move your body (Move your body)

Move your body, move your body, move your body

Move your body

Move your body (Hey, hey)

Everybody, move your body (Ha, hey)

Baby girl, come move that body

To the music like you on a molly

All night no sleep 'til zombie

Just kick it with me, karate

All I'm asking you to do is one thing

Back it up, make it bounce like a spring

Throw it back on me, just hang

I'ma buy you a diamond ring

Come over, baby

Can you take one step closer?

Party 'til it's over

On drugs or sober

Baby, I know you like to show, ayy

How far you like to go, bae

So all I'm going to say

Is move that body

Can you please take one step closer? (Closer)

Can you please take one step closer? (Closer)

Move your body, move your body, woah woah woah (Move your body)

One step closer (Uh-uh-uh)

Can you please take one step closer? (Uh, uh)

Can you please take one step closer? (Closer, Uh, Uh)

Can you please take one step closer? (To me)

Oh, can you please take

Move your body, move your body, move your body (Move your body)

Move your body, move your body, move your body

Move your body (Body, move your body)

Move your body

Everybody, move your body

It's a young nigga world

Treat you like a princess girl

Don't be dumb-dumb, don't be stupid

So in love with your body, like Cupid

Can you see?
Can you see?
Like me, I am you

It's a young nigga world
Treat you like a princess girl
Don't be dumb-dumb, don't be stupid
So in love with your body, like Cupid

Can you please take one step closer? (Closer)
Can you please take one step closer? (Closer)
Move your body, move your body, woah woah woah
One step closer (Uh-uh-uh)
Can you please take one step closer? (Closer)
Can you please take one step closer? (Uh, Uh)
Can you please take one step closer?
