No, no, you don't love me
Woah, woah, don't test me
It, it, will get messy
Baby, you too pretty
Let me have a heartbreak
Oh girl for heaven's sake
I give you always take
Is your goal for me to break
Stop playing with my love (My love)
Stop playing with my love (My love)

I just wanna know, girl what did you do to me?
I'm losing blood, girl you take my energy
Stop playing with my heart, just to play with shopping carts
These games I'm done with, no more knife, no more scars
Cuz you are so dark, my eyes could never adjust
I feel like I'm losing my mind, like there is no more us

No, no, you don't love me
Woah, woah, don't test me
It, it, will get messy
Baby, you too pretty
Let me have a heartbreak
Oh girl for heaven's sake
I give you always take
Is your goal for me to break
Stop playing with my love (My love)
Stop playing with my love (My love)
