Ayy, ayy, yeah, ayy
Yeah, young new world
Mook got the keys jumpin'

My time is real, I'm a spaceship, she heartbroken and she miss it
Wish I was there to fix it but I gotta go like an exit
I been on the road, it comes with my goals
She know that I love her but I gotta do these shows, ayy
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me

She my little angel that came from the sky
You my dream girl that came alive
No extras, know that I can check her
So high, I got a fever, need a doctor
It get hectic, wipe her nose, she feelin' sick
Got all the bags, all the drip, all the kicks (Ooh)
Attitude mean, but she nice with me
We can't vibe with the opps, that's that trickery
Oh no, ayy, oh no, yeah, wait a minute
Oh no, ayy, don't try, no, no pretendin'
I know, ayy, I know you see me as a menace
Don't lie, ayy, don't cry, my love is endin'

My time is real, I'm a spaceship, she heartbroken and she miss it
Wish I was there to fix it but I gotta go like an exit
I been on the road, it comes with my goals
She know that I love her but I gotta do these shows, ayy
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me

There you are with that frown, just hold me down
You know I'm a prodigy, gotta put on for my town
Baby girl, don't cry, look up in the sky
I'll be right there like the twinkle in your eyes
Your heart was gold, did the Cupid hit? (Wait)
Don't sink ships, look, I won't quit (No, no)
Girl, I'm sorry, 'cause I'm hardly
With you, my time move fast like 'Raris (Vroom)
But it come with it 'cause I'm famous
Still be my sweet girl like Amos (Cookies)
She don't wanna play, say I'm gamin' (Don't play no games)
Get her icy when she flamin'

My time is real, I'm a spaceship, she heartbroken and she miss it
Wish I was there to fix it but I gotta go like an exit
I been on the road, it comes with my goals
She know that I love her but I gotta do these shows, ayy
Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me

Wipe your eyes, I know you miss me
Wipe your eyes, I know you miss me
