

# Long Way

Yo Gotti

Perignon  
Gotti!

What up to the hood, niggas got love for me  
All my bad bitches, man they got love for me  
One time for the squad cause they got love for me  
Get the fuck up out my face if it's not love for me  
Lil Bitch, lil nigga  
Lil Bitch, lil nigga

Man I done came a long way  
I done came a long, long, long way  
Tile floor, lookin' down, that shit a long way  
I done came a long, long, long way  
A long, long, long, long, long way  
All my hoes fuck with me the long way  
Made it to the top, made it to the top  
Hell yeah, we done took the long way  
The long, long, long  
(Long, long, long way)

Lil bitch, lil nigga

What up to the hood, niggas got love for me  
Free Bobby Schmurda, tell him fuck the judge for me  
Got it Montana, nigga  
All I havin' is my balls and my words, so salute the plug for me  
All the hustle been a long time  
I used to freestyle in the lunch line  
Now three bricks for a punchline  
So I ain't freestyled in a long time  
Long, long, long, long, long way  
Fast money always come the wrong way  
Guess I'mma live the wrong way  
I'm head first on a one way  
Million dollars dreams been formulated  
Took my dogs out the trap, now they all incorporated  
Niggas waitin' on that new shit, they've been long awaited  
If my life was a movie, fuckin' Scarface it  
Lights, camera, action, shooters with me all day  
I can't even let my bitch fuck with me the long way  
Gotta feed the streets, I never leave 'em hungry  
Shoutout to the streets cause they fuck with me the long way  
Long, long, long way

Man I done came a long way  
I done came a long, long, long way  
Tile floor, lookin' down, that shit a long way  
I done came a long, long, long way  
A long, long, long, long, long way  
All my hoes fuck with me the long way  
Made it to the top, made it to the top  
Hell yeah, we done took the long way  
The long, long, long

(Wrong way, hell yea we done came a long way)

Lil bitch, lil nigga  
Lil bitch, lil nigga

Fuck with me the long way  
Bitch treat me, I'mma leave her with the long face  
Born good with the bad like Coldplay  
Legend in the hood, boy I coulda caught a gold case  
Money so long, it don't fold up  
Bad weather in the hood, I got it snowed up  
Bad bitches in my section, I tell 'em hold up  
If you ain't real, shawty gotta get the fuck up  
Can't tell me nothin' holmes  
I come from project homes  
Money got hella long  
And I put my whole project on  
Thousand dollars just for one shoe  
Killin' haters when I come through  
I done been broke, got rich  
Went broke, stayed rich  
That's what real niggas go through  
And I done came a long way  
I done came a long, long, long way  
Back in the day I had ratchets  
Now I only fuck with Beyonces

Man I done came a long way  
I done came a long, long, long way  
Tile floor, lookin' down, that shit a long way  
I done came a long, long, long way  
A long, long, long, long, long way  
All my hoes fuck with me the long way  
Made it to the top, made it to the top  
Hell yeah, we done took the long way  
The long, long, long  
(Long, long, long way)  
I'mma get at the writer the wrong way
