

Save It for Me

Yo Gotti

I told her I'll be right back
I'll be comin' right back
No, save it for me
Save it for me, yeah
I told her I'll be right back
I'll be comin' right back
She gon', save it for me
You know she gon' save it for me, yeah
(Said only real niggas get to fuck with me)
(She said only real niggas get to fuck with me)
Save it for me
She gon' save it for me

Passed my number to Angela, I thought I had her
Her nigga cuffed her, married, it made me madder
I respect it, I'm moving on, but the truth is I want her badder
Maybe me sayin' her name made him move faster (facts)
Maybe me bein' a G was kind of bad for her
But me bein' a G, I was glad for her
My baby mama was pissed, I ain't heard the last from her
My side bitch with the shit, but I bought a bag for her

I told her I'll be right back
I'll be comin' right back
She gon', save it for me
Yeah, save it for me
Don't give it up, please don't give it up
It's too good, they don't need to know
All you gotta do is
Save it for me
She gon' save it for me

Told you once, I get my money, I'm comin' back for you
You from the hood, I'm from the hood, I shoot this MAC for you
She was thick, light skinned, her name was Constance
I never got to fuck with her, it still fuck with my conscience
Every hood got that one bitch
You always wanted but you never get (that's my Constance)
You called my homegirl but the feeling's deeper
Whoever got her she a keeper
She from the hood, she my people

I told her I'll be right back
I'll be comin' right back
No, save it for me
Save it for me, yeah
I told her I'll be right back
I'll be comin' right back
She gon', save it for me
You know she gon' save it for me, yeah
Don't give it up, please don't give it up
It's too good, they don't need to know
All you gotta do is
Save it for me
She gon' save it for me

All these niggas downloadin', tryna steal my sauce

Everybody in my girl DM's, you supposed to be my dog
But she don't reply to 'em, she send me the screenshot
Just in case, when I pull up you can't lie about it
Beat his ass, with a strap, I wish a nigga would
I love my bad bitch, but I love that chopper too
Poppin' tags, she like shopping bags, look at all her shoes
Ain't no limitations when you popping and you got the juice
All of this money I'm making today
I can see why they hate me, she really love me
And she know I'm crazy, but that's still my baby
She the first lady, sex me too amazing
She say she gon' save it for me

I told her I'll be right back
I'll be comin' right back
No, save it for me
Save it for me, yeah
I told her I'll be right back
I'll be comin' right back
She gon', save it for me
You know she gon' save it for me, yeah
Don't give it up, please don't give it up
It's too good, they don't need to know
All you gotta do is
Save it for me
She gon' save it for me
